

WELLNESS COUGH SYRUP™ FOR KIDS

Great-tasting, homeopathic relief of cold symptoms

We all know the miseries of colds and flu, particularly the coughing—which often persists long after the other symptoms are gone. And just as we suffer these maladies, it is even worse for our kids, who are exposed to a greater number of health risks in schools.

WELLNESS COUGH SYRUP FOR KIDS™ is a unique homeopathic formula designed to relieve coughs due to bronchitis, colds and flu. It provides fast relief, and there are no side effects, no possibility of an overdose, and no interactions with other medications. Homeopathic medicine uses only minute amounts of natural substances to stimulate the body's own natural defenses.

*Strategies for Wellness*SM

Each ingredient in WELLNESS COUGH SYRUP™ FOR KIDS was chosen for its specific role in supporting the interrelated body systems that are affected by colds and flu. It is one of our award-winning Bio-Aligned™ Formulas that address multiple body systems.

Cough Reflex: Coughing often persists for 2-3 weeks, and can inflame the membranes. This formula contains **wild cherry bark** to relieve coughing and soothe inflamed membranes, and anti-spasmodics, including **elecampane** and **nux vomica**.

Upper Respiratory Tract and Lungs: Overall support for respiratory and bronchial health includes: white bryony, blue gum tree, and wild cherry bark.

Chest and Throat: Throat and chest pain are relieved by **white bryony, potassium hydrate, phosphorus, wind flower** and **blood root**.

Mucous Membranes: Keeping the mucous membranes clear are: **blue gum tree, horehound, potassium hydrate, phosphorus, windflower** and **yellow dock**.

Anti-Inflammatory: Marshmallow is a soothing demulcent, and the body's own defenses are supported by **white bryony, elecampane** and **yellow dock**.

Great taste

Kids will love the sweet, cherry-like taste of WELLNESS COUGH SYRUP FOR KIDS; they won't even know that they are supporting their own immune systems while obtaining relief from cold and flu symptoms.
